SKILLS / CERTIFICATIONS

Languages:	Python, C/C++, Java, Dart, JavaScript, SQL, HTML/CSS, MongoDB
Frameworks & Tools:	Flutter, React.js, PostgreSQL, Git, Figma, REST APIs
Core Skills:	Data Structures & Algorithms, (OOP), AWS/Cloud/Azure
AI / ML:	NumPy, Pandas, Scikit-learn, TensorFlow, CNNs, NLP, LLM APIs
Certifications:	Flutter Development Bootcamp (Udemy), Simply Coding Python Beginners
EXPERIENCE	

NTT DATA <i>Network & MIST Intern</i>	May 2026 - June 2026
- Diagnosed connectivity failures using CLI tools (ping, traceroute); produced root-cause analysis docs and customer-facing resolution communications - Triaged and resolved server, firewall, and network incidents in live enterprise infrastructure, maintaining uninterrupted customer operations	
Havells India Limited <i>Summer Intern</i>	May 2025 - July 2025
- Built a full-stack Student Data Management System solo using ASP.NET MVC (C#) and PostgreSQL, with a complete CRUD interface for institutional records. - Engineered a role-based authentication system with secure login, signup, and profile management across 2 user tiers (admin and student)	

PROJECTS

MessIT
- Developed and maintained a cross-platform mess management app used by 40K+ VIT students, delivering daily menu information across Android and iOS. - Integrated backend APIs with a redesigned Flutter UI and implemented local caching/offline access, reducing menu refresh and loading times by 40% and improving reliability under high user traffic.
VeriMind AI
- Built a context engine to process 10K+ verification artifacts across 4 RTL repositories for automated verification analysis. - Developed ML-based anomaly detection and log clustering to identify high-risk modules, achieving 80-90% precision/recall and reducing manual debugging effort.
Studyhub
- Developed a full-stack academic platform using Next.js 15, Go, MongoDB, and Redis, serving 2,000+ active users with multi-filter search, course bookmarking, progress tracking, and an All-Nighter study planner. - Designed a serverless content delivery system on Go + Cloudflare R2, using SigV4 presigned direct-upload URLs to bypass API memory overhead, cutting file processing latency and enabling the platform to scale course materials and exam papers without infrastructure changes.
HackXpertise 2.0
- Designed and built a full-stack hackathon portal in handling participant registration, team formation, and event coordination. - Deployed live for a 48-hour hackathon with 200+ concurrent users, managed real-time onboarding and team workflows with zero critical failures.

EDUCATION

Vellore Institute of Technology, Vellore <i>B.Tech in Computer Science (Data Science), CGPA: 8.35</i>	2023 – 2027
American Christian Academy, Ibadan, Nigeria <i>A-Levels: Mathematics, Physics, Chemistry</i>	2023
Neerja Modi School, Jaipur <i>Class 10th, CBSE – 93.8%</i>	2021

LEADERSHIP

IEEE Technology and Engineering Management Society (TEMS), VIT

March 2025 - Present

Secretary

- Led a 100+ member chapter, overseeing club operations, technical initiatives, and cross-team execution across domains
- Organized CodeRush 3.0 and HackXpertise 2.0 at graVITas'25, attracting 250+ participants; drove 20% increase in member engagement through a structured mentorship program

VinnovateIT, VIT

January 2025 - Present

Project Manager

- Led development and deployment of 10+ production-ready web and mobile applications, serving 60K+ active users across the university ecosystem
- Managed end-to-end project pipelines, including coordination, approvals, and deployment processes

ACHIEVEMENTS/CO-CURRICULAR ACTIVITIES

- **Patent Published** 202641101778 *Capability-Aware Federated Learning Framework for Heterogeneous Microcontroller Clusters*
- 1st prize in Cluminati, the event of Gravitas, VIT's Tech Fest.
- Events Coordinator @ Riviera'26, Coordinated cultural events and managed promotion for Riviera'26, VIT's flagship cultural fest with over 150 events.
- Awarded the Science Creativity Certificate in high school.
- Conducted an outreach session at Takshilah Global School, teaching coding and cyber security to students.
