SKILLS/CERTIFICATIONS

Languages: Python, C/C++, Java, Flutter, CSS, HTML, Javascript, SQL

Other Technical Skills: MATLAB, Verilog, TinkerCAD, Figma

Soft Skills:: Leadership, Communication, Team Management, Strategic Planning

Communication:: Fluent in English and Hindi.

Certifications: The Complete Flutter Development Bootcamp with Dart - Udemy, Simply Coding Python Beginners - School Summer Camp.

EXPERIENCE

Havells India Limited

May 2025 - July 2025

Summer Internship

- Developed a Student Data Management System web application using ASP.NET MVC (C#) and PostgreSQL
- Built a secure authentication system with role-based access, including login/signup and profile management.
- Completed the project independently with weekly mentor reviews, strengthening full-stack development, debugging, and problem-solving skills.

IEEE Technology and Engineering Management Society (TEMS), VIT

March 2025 - Present

Secretary

- Conducted CodeRush 3.0 and was part of the organizing team for HackXpertise 2.0, collectively attracting 250+ participants during graVITas'25, VIT's Tech Fest.
- Contributed to event planning, promotion, and team coordination, helping enhance engagement and participation across diverse domains.

PROJECTS

MessIT

- Developer of MessIT, a menu app with 40K+ downloads, built for VIT students on Android and iOS.
- Connected the redesigned UI to backend data and implemented local storage for offline access and faster load times
- Optimized the monthly menu loading process, reducing refresh and load times by about 40%, resulting in noticeably smoother app usage.

RoboWars App

- Developed the Robowars app, building features for team listings and match scheduling as part of graVITas VIT's tech fest.
- Designed an intuitive UI to efficiently navigate team profiles, match updates, and schedules.

HackXpertise 2.0

- Built the HackXpertise 2.0 portal for participant registration, team formation, and event coordination, used by 200+ participants during the event.
- Successfully deployed the platform for live use, ensuring smooth onboarding and seamless management across the entire 200+ participant hackathon.

EDUCATION

Vellore Institute of Technology, Vellore

2023 – 2027

B.Tech in Computer Science (Data Science), CGPA: 8.63

American Christian Academy, Ibadan, Nigeria

2023

A-Levels: Mathematics, Physics, Chemistry

Neerja Modi School, Jaipur

2021

Class 10th, CBSE – 93.8%

ACHIEVEMENTS/CO-CURRICULAR ACTIVITIES

- 1st prize in Cluminati, the event of Gravitas, VIT's Tech Fest.
- Solved numerous problems on Hackerrank.
- Awarded the Science Creativity Certificate in high school.
- Conducted an outreach session at Takshilah Global School, teaching coding and cyber security to students.
